70 BEDFORD STREET .. FALL RIVER, MASS.

FALL RIVER STREET DIRECTORY

COPYRIGHT 1917, SAMPSON & MURDOCK CO., BOSTON, MASS.

Giving the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect

From this list the location of any number on a street or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of South Main Street No. 366 is located, you look at South Main Street, and find that Rodman Street runs from 334, and Morgan Street from 412, showing that 336 South Main comes on the left, between Rodman and Morgan Streets

When a street crosses another, numbers are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects

The plan of street numbering allows one number for each five feet distance along the street, including space taken by intersecting streets. Thus there would be ten feet frontage between numbers 1 and 3 on the right hand side, or between numbers 2 and 4 on the left hand side. On a street where the lots have thirty feet frontage there would be six numbers between adjacent houses.

This arrangement makes it easy to estimate distances, by simply multiplying the difference in numbers by five, to get the distance in feet. For example, a hundred numbers along the street means a distance of five hundred feet. Between numbers 1 and 1056 would be exactly one mile.

The new arrangement of this Street list gives the numbers located at the center of intersecting streets, instead of at the corner, as heretofore. While these numbers will not be found on buildings, they show more accurately the location of the street.

An advantage of this plan is that future developments or new streets will not need renumbering. The fact that all streets are numbered on the same system, and ease with which distances and locations can be figured by remembering the simple rule of five feet to a single number, is expected to prove a great convenience and improvement.

ABBOTT, fr. 742 Weetamoe to Spruce, north

ABBOTT PLACE, fr. 203 Osborn

ABERDEEN, from 659 Brayton av north across Glasgow and south to 16 Oman

FALL RIVER

Leads America in Manufacture of Cotton Cloth.

Third City in Massachusetts.

Largest city in Southern Massachusetts, with population of 125,000.

One hundred and eleven cotton mills built of brick and granite, containing approximately 4,000,000 spindles and employing 37,000 operatives, weaving nearly 2000 miles of cotton cloth a day, including fine and coarse goods and gingham, besides spinning yarn and thread. An investment exceeding \$50,000,000, distributing \$296,000 weekly in wages.

Two calico print works, having 41 printing machines, with capacity of 6,000,000 yards per week; bleachery, bleaching 90,000,000 yards per year.

Large hat, piano, cut glass, silk and many narrow fabric and clothing industries.

Eastern terminal of Fall River Line, boats world renowned for equipment, spaciousness and beauty of decoration and construction.

On Old Colony division of New York, New Haven and Hartford Railroad, 50 miles from Boston, with four stations, three freight yards.

Unsurpassed harbor, 18 miles inland from Atlantic ocean; 25-foot channel and anchorage.

Natural market for prosperous agricultural district.

Practically inexhaustible supply of pure water for domestic and mechanical purposes delivered by municipal water pumping plant with superior pressure in all districts.

Up-to-date fire department, entirely motorized, manned by 135 permanent firemen.

Twenty-two miles of paved streets, 160 miles of accepted streets, 1085 electric street lights, 93 luminous arc lights, 423 gas lights, 314 incandescent street lights.

Adequate school system, with Classical and Technical High schools; seat of Bradford Durfee Textile free school. First free text books in America.

Churches of all denominations, Y. M. C. A., fine Public Library, clubs for men, boys, women and working girls.

Beautiful surroundings between two bodies of water, exceptionally healthy community, with climate equable.

Excellent location for manufacturing enterprises, with abundance of help, old and young, an attractive home site, fine stores owned by energetic merchants.

Abundant power, both steam and electrical, available with space in buildings for leasing, for large and small manufacturing enterprises.

Chamber of Commerce; Merchants' Association.

Gateway of Southern New England.

No School Signal, 222

SIGNALS

1—One stroke at 12.30 p. m. daily is given for testing the lines.

SECOND ALARMS. Three blows quick 1-1-1 followed by the number of the box.

THIRD ALARMS. Four blows quick 1-1-1-1 followed by the number of the box.

GENERAL ALARM. Five blows quick, 1-1-1-1-1 followed by the number of the box.

1-1—Two single strokes, slow, for fire out or under control.

Should an alarm be given from a second box while the apparatus that answers it on first alarm are engaged at a fire, then those that answer it on second alarm shall respond. Should a third box be pulled in while the apparatus is engaged at fires from two other boxes, then those remaining in quarters shall respond.

1-1-1-1-1-1-1-1-1-1-1—Eleven strokes, struck twice, police call. Men will assemble at their several stations.

1-1-1-1-1-1-1-1-1-1-1-1-1-1-1—Fifteen quick strokes struck twice, State Guard Call, will assemble at armory

KELSEY SANBORN ORDWAY, D. C.

Graduate Chiropractor

CHIROPRACTIC is a scientific method of removing the cause of disease by means of a commonsense system of spinal adjustments, by which nerves are freed from pressure and a normal and unimpaired flow of nervous energy to all parts of the body is assured.

No charge is made for consultation at office. Special attention given to out of town calls.

57 EDDY STREET, Room 309, PROVIDENCE, R. I.

CORNS CAN BE CURED

notwithstanding what some people say. If in doubt, call at my office and I will show you testimonials from people suffering with corns for 20 years and were completely cured by my treatment.

CORPORATION WORK OUR SPECIALTY

We are absolutely reliable

No Divorce Cases

No "Liquor Spotting"

This is not the only Honest Detective Agency in the country, but one that does not commit Crime to obtain results; hence we accept nothing but strictly legitimate cases. Our Specialty is **Preventing Strikes** instead of **Creating** them. This is a distinction and a difference which those who have had that experience can easily comprehend. Interests of clients uppermost in our minds—always.

Ask anybody (EXCEPT CROOKS) about us

We never travel with a brass band

Our Motto is: **"There's No Such Word as Fail"**
